

# Telling the Story of Scripture

In *From Beginning to Forever*, you'll see how all 66 books of the Bible combine to form one unified narrative. This practice sheet is designed to help you tell the story of Scripture in your own words! To help you organize the story details, we will focus on three main questions:

1. What does God do in this section of the story?
2. Who are the main supporting characters?
3. What happens with the main supporting characters in this section of the story?

By answering these questions, you will be able to identify the key ideas and events from that section of the story of Scripture. We've included a list of the main supporting characters for you! (Feel free to use bullet points to answer these questions.)

Once you have answered those three questions, combine your answers into a 5-7 sentence summary that flows in chronological order of events. After you have finished all 7 summaries, you can put them together to form a complete summary of the story of Scripture in your own words!
