It arrived without a scratch on it because it was packaged so well. And the delivery was fast. Similar bookcases I have received from competitors have taken much longer to come. And it looks great.

To us, furniture with those qualities is worthy of our NBF Signature Series label.

Health Tip: Sitting at a desk all day can slow the metabolism and cause muscle degeneration, contributing to serious chronic conditions. Recent studies show that standing at regular intervals every day can reverse the trend. A stand-up desk can help you build a routine of standing and moving.
