

# Cotton Ball Race

## Introduction

- Here's a simple game that will get everyone blowing their way to the finish line!

## Materials Needed

- Painter's tape
- Cotton balls
- Straws

## Getting Started

- Tape a starting line and a finish line some distance apart on a flat surface.
- Place the cotton balls behind the starting line.

## How to Play

1. Give each player a straw and have them select a cotton ball. Tell them that they will be blowing through the straw to push their cotton ball to the finish line.
2. On the count of three, have everyone go! The first player whose cotton ball reaches the finish lines wins.
3. Restart and play again. Move the finish line farther away if players want more of a challenge.
