- Best-Buy Blunt-Tip Scissors (TS547)
- Tacky Glue® (TG170)

**MISCELLANEOUS ITEMS:**
- Cupcake liners

How to Make It

1. Before crafters work on their crafts, ask them about their favorite way to travel. Is it flying? Driving? Sailing? Discuss with crafters the scene they would like to create.

2. Have crafters use arts & crafts materials to create a picture on a sheet of tagboard.

3. Help crafters use cupcake liners to create a vehicle that fits into their picture.

4. Invite crafters to color the cupcake liners using Dot Art Painters, markers and/or crayons. Then have them add details using foam shapes and other craft materials.

5. Once the materials dry, this one-of-a-kind picture is ready for display!
