How to Make It

- 1 Invite crafters to draw a heart in the center of a sheet of tagboard.
- 2 Prompt crafters to use the craft tape to create the letter I to the left of the heart and the letter U, followed by an exclamation point, to the right of the heart.
- 3 Encourage crafters to create a fun pattern on the tagboard using Dot Art Painters, avoiding dotting inside the heart.
- 4 Direct crafters to remove the craft tape from the tagboard.
- 5 Have crafters outline the letters, heart and exclamation point using Glitter Designers.
- 6 Once the materials dry, this fun card will show Mom just how special she is!
