- ½" Craft Tape Pack (SD748)

How to Make It

- 1 Help crafters cut one sheet of blue construction paper and one sheet of white construction paper into nine strips each, with each strip about 2" wide and 9" long.
- 2 Invite crafters to add star stickers to one side of each blue strip. Have crafters stick three stripes of red craft tape to one side of each white strip.
- 3 Prompt crafters to tape the ends of one blue strip together (stars facing out) to form a link.
- 4 Direct crafters to loop a white strip through the blue link they created and tape the ends of the white strip together with the red stripes facing out.
- 5 Instruct crafters to repeat looping and taping the remaining strips, alternating between blue and white. After crafters add the last link to the wreath, help them connect it to the first link.
- 6 Here's the perfect way to honor Memorial Day!
