INSTRUCTIONS

INSTRUCTIONS

- Remove all parts from the carton and separate them into part number groups as indicated in the parts list.
- Place the seat cushion (1) on top of a box prior to assembly. Align two wood frames (3A & 3B) over predilled holes on the underside of seat cushion (1). Fasten two frames to the bottom of seat cushion (1) by using 1" screws (4). **Do not tighten screws completely.**
- Attach back cushion (2) to the wood frames (3A & 3B) by using 1" screws (4). **Do not tighten screws completely.**
- Adjust the chair so the seat and back cushions are aligned and the frame is sitting flat on the floor.
- Now tighten all of the screws completely.**
- Pull down the back flap tightly and attach the back flap to the velcro on the bottom of the seat cushion (1).
- Periodically (every 90 days) make sure that the screws are still fully tightened.
- Recommend taping the wrench under the seat for future use.
