Assembly Instructions For Symphony Connecting Tables

Tools required: Phillips screwdriver and Allen wrench. (Included in hardware pack)

Note: These instructions are intended for various models and configurations. Your products may not look exactly as those shown in the diagrams.

Important: The assembly process requires that some hardware be kept loose until later in the sequence. Follow these instructions closely to ensure correct assembly.

Recommendation: Retighten all bolts on a seasonal basis to ensure your product remains strong and stable for many years of use.

Parts List

Tabletop
Support Tubes, 2 pcs.

Hardware Pack

1 1/2" Allen Bolts, 4 pcs.
1/2" Phillips Screws, 4 pcs.
Allen Wrench

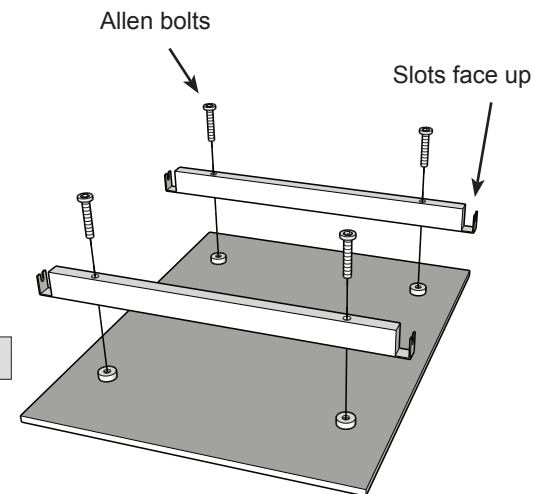

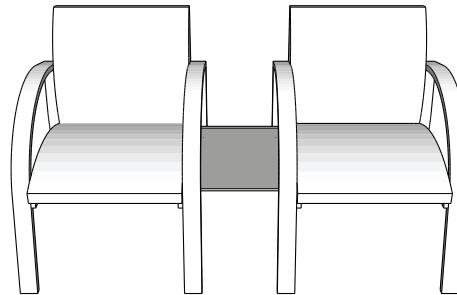

Fig 1

1. Unpack and identify all parts.
2. Assemble chair frames individually according to chair instructions. Do not attach seat and back cushions yet.
3. Place glass tabletop with the silver disks facing up on a clean, carpeted or otherwise protected surface to avoid scratching.
4. Attach support tubes to tabletop using 1 1/2" Allen bolts as shown in figure 1. Be sure slots at ends of support tubes are facing up. Tighten bolts securely.
5. Position chairs about 10" apart and place connecting table between them, as shown in figure 2.
6. Slotted brackets should fit over chair frame tubes, as shown in figure 3.
7. Align slotted brackets with holes in chair frame tubes and attach using 1/2" Phillips screws. Tighten securely.
8. Your table is now connected. Finish chair assembly by attaching seat and back cushions according to the chair assembly instructions.
