AMERICAN OLEAN®

DANYA™

Rich in both color and visual appeal, Danya captures the essence of fluid movement. Its bold stone visual is coupled with soft striations, giving it an exquisite look reminiscent of ancient riverbeds. An update to traditional stone looks, Danya is ideal for the homeowner with discriminating taste; its performance characteristics and design flair make it attractive to the commercial market as well.

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: americanolean.com/Factors.

To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to americanolean.com/LargeTiles for more information.Use of a latex modified thin-set is recommended for installation. For more information, visit americanolean.com.
