

ROCHESTER™

GLAZED PORCELAIN FLOOR AND GLAZED CERAMIC WALL & MOSAIC

AMERICAN OLEAN®

STONE LOOK

AMERICAN OLEAN®
PROVEN IN TILE™

ROCHESTER™

Rochester™ is a blend of two popular natural stones, limestone and pulpis marble. The limestone provides the back drop with its soft sand-like movement and the pulpis marble provides beautiful, fine veining. The beauty of this natural stone inspired collection is enhanced by chiseled edges, creating an even more authentic look.

Cover photo features Beige 12 x 24 tile and 1-1/2 x 1-1/2 Hexagon Mosaic on the floor.

Above photo features Gray 12 x 24 tile on the floor

DURABILITY

Floor Surface Wear Resistance

1 Residential Bathrooms	3 All Residential / Light Commercial
2 All Residential Areas	④ All Residential / Commercial

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: americanolean.com/Factors.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to americanolean.com/LargeTiles for more information.

Use of a latex modified thin-set is recommended for installation. For more information, visit americanolean.com.
