EVERY SURFACE TRANSFORMED INTO A MODERN MASTERPIECE AT JILANI PLACE

Daltile partnered with Sensyst the Business Interiors Group and Tango Flooring to bring a fresh, modern workspace to life; one that balances beauty and utility with ease. As Sensyst designers shared, “Jilani Place is a workspace that has redefined the co-working experience, designed to foster creativity, collaboration, and well-being.” The result is a vibrant, high-performing space that reflects Daltile’s commitment to elevating every environment.

Two standout styles define the look of Jilani Place. Calacatta Topaz brings bold elegance, with gold and gray veining flowing across a bright white backdrop—offering a luxurious take on classic marble. Its rich, high-contrast pattern makes a luxurious statement in any space.

Taking contemporary design further, Statuario brings a refined, elegant aesthetic with soft gray veining gently sweeping across a luminous white canvas.

JILANI PLACE

COUNTERTOPS & SURFACES

With clean lines, calming tones, and expansive surfaces, the design demonstrates that professional settings can be both beautiful and functional. The slabs' veining and polished finish create a dramatic first impression, while the soft palette maintains a sense of serenity and professionalism.

Sensyst designers noted, "Daltile was chosen for its high-quality, versatile selections that complemented the modern, clean lines of the design," adding that the materials were "essential in achieving the sleek, professional look desired for the project." Daltile's products delivered the aesthetic impact and everyday durability needed for this high-traffic workspace.

Large-format porcelain slab offers more than visual impact, they also provide practical advantages. With minimal grout lines, the surfaces are easy to maintain and ideal for commercial interiors that demand long-lasting performance.

Tango Flooring, the expert team behind the installation, reported a seamless process from start to finish. The porcelain surfaces were easy to cut, handle, and install, allowing the team to stay on schedule without issue. Tango Flooring praised the products for their durability, workability, and refined appearance. The result is a space where stunning visuals meet superior function.

And speaking of logistics, the team at Sensyst praised Daltile team members for providing, "excellent guidance on selecting the right materials for various areas, and ensuring the timelines were met." and, "sourcing materials posed a challenge, but Daltile was able to help with lead times to ensure the project was completed on time. Their support in managing delivery schedules was crucial to meeting the project deadlines."

JILANI PLACE

COUNTERTOPS & SURFACES

Outfitted with Panoramic Porcelain Surfaces™, including two of the most stunning marble-look slabs, Jilani Place offers an immersive aesthetic where walls, floors, and countertops unite in visual harmony. The goal, as described by Sensyst, was to create “a vibrant, modern office space that promotes creativity, collaboration, and well-being.”

Panoramic Porcelain Surfaces offer the beauty of natural stone and marble with the durability of porcelain. These elegant slabs are stain, scratch, and heat resistant, making them perfect for low-maintenance and high-style spaces.

Available in impressively large slab sizes, Panoramic Porcelain Surfaces can be fabricated to fit nearly any installation with ease. Their expansive dimensions create a seamless, uninterrupted surface that feels like a true work of art.
