

Our Performance at a Glance

1.

Our promise to create beautiful tile

responsibly.

100%
of our manufactured tile
collections contain **recycled**
materials.

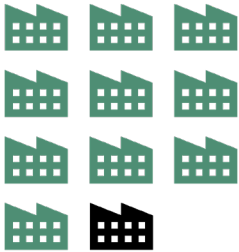

Annually, we **recover and reuse** over
98%
of all **process wastewater** generated in our
manufacturing plants to make our products.
These measures conserve over
200 million
gallons of water per year.

On average, our facilities
recover and reuse over
385 million
pounds of **recycled and/or**
reclaimed material per year.

We have contributed over
49 million
pounds of materials to **state-approved**
beneficial reuse programs, averaging
12 million pounds each year.

10 of our 11 manufacturing plants are
zero-discharge facilities, **recovering and reusing**
100%
of their process wastewater.

We've **reduced our overall**
energy consumption by
6%
across our sales service centers and
distribution facilities since 2021.

We've recycled over
3 million
pounds of **cardboard and office**
paper, averaging **750 thousand**
pounds per year.

All manufacturing statistics are based on full year data collected beginning in 2021 and only include products made in the following plants: Dickson, TN (2 plants); Fayette, AL; Florence, AL; Gettysburg, PA; Muskogee, OK; Dallas, TX; El Paso, TX; Sunnyvale, TX; Monterrey, MX; and Salamanca, MX

2.

PRODUCT DONATION FOR PUBLIC
ART UNITY TUNNEL | AUSTIN, TX

Dal-Tile proudly donated all tile products for the Unity Tunnel, a transformative public art installation along the Longhorn Dam Bridge in East Austin. Commissioned by the City of Austin's Art in Public Places Program, the project celebrates the community's culture, history, and natural environment through vibrant design inspired by local flora, fauna, and the Colorado River. The Unity Tunnel demonstrates how thoughtful design and community partnerships can create meaningful public spaces that inspire connection and belonging.

4.

CBRE SUSTAINABILITY
AWARD

DalTile and Mohawk Group were honored with the CBRE Sustainability Award at the CBRE Enterprise Leadership Conference. This recognition reflects our continued commitment to advancing sustainable manufacturing, responsible business practices, and environmental stewardship while delivering innovative products that support a more sustainable built environment.

3.

GARY SINISE FOUNDATION
PARTNERSHIP

DalTile is proud to continue its partnership with the Gary Sinise Foundation's R.I.S.E. (Restoring Independence Supporting Empowerment) program, which provides mortgage-free, specially adapted smart homes for severely wounded service members and first responders. As part of this initiative, DalTile donates tile for each home, allowing every hero to personally select the products for their forever home. This partnership reflects our ongoing commitment to giving back to those who have sacrificed in service to our country.

5.

WORKFORCE
DEVELOPMENT

At Dal-Tile, we are committed to investing in our people through ongoing learning and professional development opportunities. From our LeadHER, mentorship, and RISE programs to many other employee development initiatives, we equip our teams with the training, leadership resources, and career growth opportunities they need to strengthen their skills, foster innovation, and build long-term success.
