FABRIC ART™

COLORBODY™ PORCELAIN FLOOR & MOSAIC TILE

Inspired by the drape of luxurious textiles, Fabric Art™ uses the weaving mill as a muse, delivering porcelain tile that begs to be touched. Woven, linear and kaleidoscope patterns create a subtle reaction to light and deliver ultimate style for today's modern spaces, bringing your vision to life. Each texture can stand alone as a centerpiece, or serve as a well-orchestrated pairing.

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: daltille.com/Factors.

To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to daltille.com/LargeTiles for more information.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.

All or select items within this series meet the requirements for these qualifications. For more information, visit daltille.com.
