SET THE STAGE FOR LUXURY

ELEMENTAL SELECTION

Elevate the ambiance of virtually any space with the sophisticated marble looks within Elemental Selection.

Create drama with striking vein patterns, or infuse tranquility with subtle marbling designs. Large format slabs create fewer grout lines for a more seamless appearance in both glossy and matte finishes. By combining the look of natural stone with the value and ease of porcelain, Elemental Selection reinvents classic décor.

INSPIRING RUGGED ELEGANCE

INDUSTRIAL SELECTION

Capture a sense of strength and character with Industrial Selection.

Bring the urban chic feel of a downtown gallery or loft to virtually any space with the look of sleek concrete. Large format slabs provide seamless style to more closely mimic the essence of poured concrete while the smooth, matte finish adds a touch of sophistication. Infuse your space with the robust, stoic presence of concrete while enjoying the versatility of porcelain tile with Industrial Selection.

NOTES

Special consideration must be given when installing tiles greater than 15 inches. Please refer to ANSI A108.19 standards for Gauged Porcelain Slabs for more information.

Use of an LFT (Large Format Tile) mortar is required. Thin-set mortars are not suitable for Panoramic Porcelain Surfaces.

Since there are variations in all fired ceramic products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual panels and trim and not from product samples or color reproductions.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection. Not for use on ramps.

WARNING: This product can expose you to chemicals known to the State of California to cause cancer, including crystalline Silica (airborne particles of respirable size) in dust created if the product is dry cut/ground/polished or pulverized during fabrication/installation/removal.
