COLORBODY™ PORCELAIN PAVERS AND MOSAICS

## Ageless Innovation

The imaginative Dignitary Series provides depth on surfaces as it replicates French limestone embedded with fossil layers and natural veins. Beautiful as it is strong, this outstanding ColorBody™ porcelain 2cm paver tile is equally suited to traditional or contemporary styles, bringing ageless dimension to any outdoor application. An array of colors in a single, easy-to-pair large-format size and a coordinating mosaic.

Cover photo features Luminary White 2cm pavers on the ground.  
Above photo features Superior Taupe 2cm pavers on the ground.

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.3 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: [daltille.com/Factors](https://daltille.com/Factors),

To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to [daltille.com/LargeTiles](https://daltille.com/LargeTiles).

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
