Taking a holistic approach to operational efficiency

miungo medical GmbH's success outcomes after implementing Imaging 360, MR Smart Subscription and AIR™ Recon DL

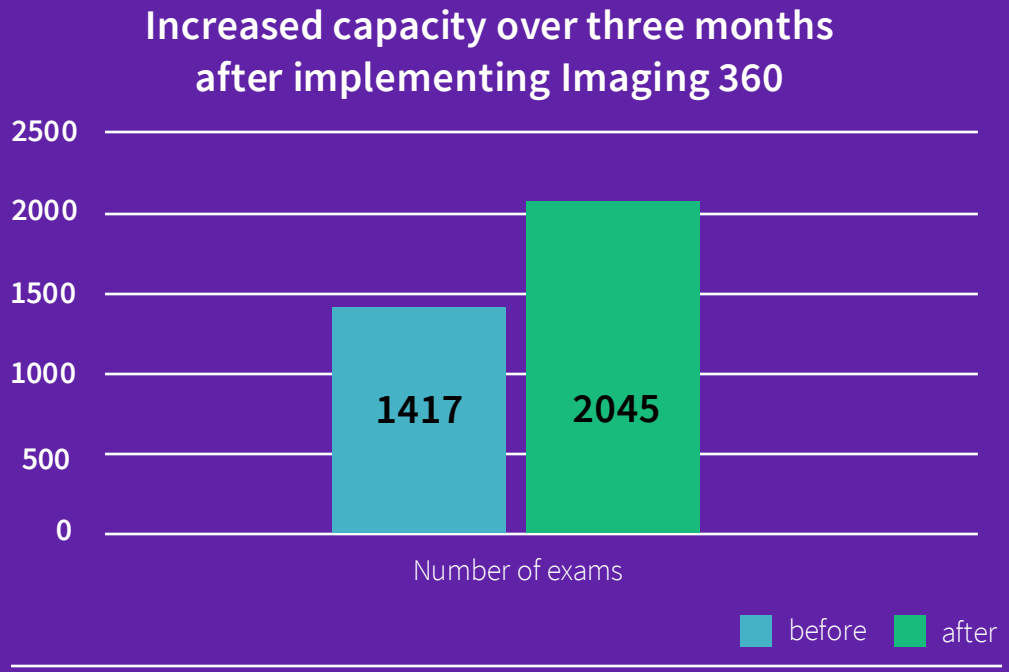

Reduced patient wait times from
4 days to 1 day

Saved ~120 hours of scan time
by optimizing protocols over a three month time period

Saved 4 minutes
on average per scan

Increased exam throughput
of up to 44%

Explore Imaging 360

"We reduced patient wait times and increased scanning capacity over three months by ***~31%*** *by optimizing our protocols [with Imaging 360 Protocols]. It's very helpful in managing the whole fleet."*
