

A Reputation for Recognition

Year after year, leading institutions choose to award Lennox for its industry-defining initiatives in the heating and cooling industry. From ENERGY STAR® Most Efficient designations to outstanding design accolades to green innovation, here's a look at those who have taken notice of our commitment to perfect air.

CRAFTSMANSHIP

The IoT Breakthrough Awards recognize the industry's most comprehensive technologies from connected home to industry and enterprise IoT solutions. This award honors the excellence, creativity, hard work and success of industry-leading companies, systems and products.

- The Ultimate Comfort System™

EFFICIENCY

Products recognized as the Most Efficient by ENERGY STAR meet rigorous performance levels to deliver exceptional efficiency and comfort with minimal energy use.

- SL25XPV Heat Pump
- EL22XPV Heat Pump
- EL18XPV Heat Pump
- Healthy Climate® HCWHD4 Whole-Home Dehumidifier

CRAFTSMANSHIP

The Dealer Design Awards recognize products with features that assist in installation, maintenance, and service of installed products in the HVACR industry. This means added peace of mind for homeowners, because it means dealers themselves regard these as long-lasting, low-maintenance products.
