## WARRANTY COVERAGE

If, during the Warranty Period, a component in the Equipment fails because of a manufacturing defect, the Manufacturer will provide a replacement component to the Owner through an Aire-Flo dealer or other licensed HVAC contractor. The Owner will be responsible for all shipping, freight and handling charges, as well as all fees and costs associated with the warranty service, including, but not limited to, all labor and other costs involved in diagnostic calls or in removing, repairing, servicing or replacing any component. The Manufacturer's sole responsibility under this Limited Warranty is to provide a replacement component as set forth above. In the event that any component covered by this Limited Warranty is no longer available, the Manufacturer will, at its option, provide a substitute component or allow the Owner to purchase equivalent Aire-Flo Equipment at a reduced price of 20 percent off the Aire-Flo list price in effect on the date of the failure. Replacement equipment must be purchased through and installed by an Aire-Flo dealer.

Both the Manufacturer and the Owner of the Equipment are bound by this Limited warranty.

## DISPUTE RESOLUTION

**NOTE - Please read this section carefully as it affects your rights and the resolution of Disputes.**

**1 - Contact Aire-Flo:** Please report any Dispute (defined in items 1 and 2 on page 4) to:

Aire-Flo ATTN: Consumer Affairs  
P.O. Box 799900  
Dallas, TX 75379-9900

**2 - Mandatory Arbitration: Both the Owner and the Manufacturer agree that all Disputes must be resolved exclusively through final and binding arbitration, and not by a court or jury; however, The Owner or the Manufacturer may assert claims in small claims court if (i) the claims qualify for small claims court, (ii) the matter remains in small claims court, and (iii) the matter proceeds only on an individual (not a class or representative) basis.**

Both the Owner and the Manufacturer waive the right to a trial by jury and any right to have a Dispute heard in court. Instead, all Disputes must be resolved in arbitration by a neutral third-party arbitrator. In arbitration, Disputes are resolved by an arbitrator instead of a judge or jury, discovery is more limited than in court and the arbitrator's decision is subject to limited review by courts. However, the arbitrator must follow the law and can award the same damages as in court, including monetary damages, injunctive relief, declaratory relief and other relief. The arbitrator's award can be confirmed in any court of competent jurisdiction.

A single arbitrator, with the American Arbitration Association ("AAA"), will conduct the arbitration, and the award may not exceed the relief allowed by applicable law. The arbitration will be conducted in the county of Owner's residence or other mutually agreed location. For claims of \$50,000 or less, the AAA's Supplementary Procedures for consumer-related Disputes will apply. For claims over \$50,000, the AAA's Commercial Arbitration Rules will apply. If either set of rules is not available, the AAA rules applicable to consumer Disputes apply. The AAA's rules and a form initiating arbitration proceedings are available at [www.adr.org](http://www.adr.org) or by calling 1-800-778-7879.

This arbitration provision is subject to the Federal Arbitration Act ("FAA"), which governs its interpretation and enforcement. To the extent the FAA does not apply to any Dispute, the laws of the State of Texas, without regard to principles of conflicts of law, will apply. The arbitrator will decide all issues of interpretation and application of this "Dispute Resolution" section, the arbitration provision and the Limited Warranty, with the exception of deciding whether the Arbitration Class Action Waiver in Paragraph 2a is valid or enforceable. A court will resolve any question regarding the validity or enforceability of Paragraph 2a. This Dispute Resolution section will survive termination of this Limited Warranty. The requirement to arbitrate will be broadly interpreted.

**a - Arbitration Class Action Waiver:** The Owner and the Manufacturer agree that arbitration will proceed solely on an individual basis and no Dispute will be arbitrated as a class action, consolidated with the claims of any other party, or arbitrated on a consolidated, representative or private attorney general basis. Unless the Owner and the Manufacturer agree otherwise in writing, the arbitrator's authority to resolve and make awards is limited to Disputes between the Owner

and the Manufacturer. The arbitrator's award or decision will not affect issues or claims involved in any proceeding between the Manufacturer and any person or entity who is not a party to the arbitration. The arbitrator may award monetary, declaratory or injunctive relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief warranted by that party's individual claim. The arbitrator's award, if any, will not apply to any person or entity that is not a party to the arbitration. A court, not the arbitrator, will decide any questions regarding the enforceability of this Paragraph 2a. If a court deems any portion of this Paragraph 2a invalid or unenforceable, the entire arbitration provision in Paragraph 2 (other than this sentence) will be null and void and not apply.

**b - Agency Proceedings:** This arbitration agreement does not preclude the Owner from bringing issues to the attention of federal, state, or local agencies. Such agencies can, if the law allows, seek relief against the Manufacturer on the Owner's behalf.

**c - Fees and Costs:** If the Owner's total damage claims in an arbitration are \$25,000 or less, not including the Owner's attorney fees ("Small Arbitration Claim"), the arbitrator may, if the Owner prevails, award the Owner's reasonable attorney fees, expert fees and costs (separate from Arbitration Costs as defined below), but may not grant the Manufacturer its attorney fees, expert fees or costs (separate from Arbitration Costs) unless the arbitrator determines that the Owner's claim was frivolous or brought in bad faith. In a Small Arbitration Claim case, the Manufacturer will pay all arbitration filing, administrative and arbitrator costs (together, "Arbitration Costs"). The Owner must submit any request for payment of Arbitration Costs to the AAA at the same time the Owner submits its Demand for Arbitration. However, if the Owner wants the Manufacturer to advance the Arbitration Costs for a Small Arbitration Claim before filing, the Manufacturer will do so at the Owner's written request which must be sent to the Manufacturer at the address in paragraph 1. In a Small Arbitration Claim case, the Manufacturer agrees that the Owner may choose to have the arbitration carried out based only on documents submitted to the arbitrator or by a telephonic hearing unless the arbitrator requires an in-person hearing. If the Owner's total damage claim in an arbitration exceeds \$25,000, not including the Owner's attorney fees ("Large Arbitration Claim"), the arbitrator may award the prevailing party its reasonable attorneys' fees and costs, or it may apportion attorneys' fees and costs between the Owner and the Manufacturer (such fees and costs being separate from Arbitration Costs). In a Large Arbitration Claim case, if the Owner is able to demonstrate that the Arbitration Costs will be prohibitive as compared to the costs of litigation, the Manufacturer will pay as much of the Arbitration Costs as the arbitrator deems necessary to prevent the arbitration from being cost-prohibitive.

**d - OPT OUT: BOTH AN ORIGINAL AND SUBSEQUENT OWNER MAY OPT OUT OF ARBITRATION BY PROVIDING WRITTEN NOTICE (THE "OPT-OUT NOTICE") TO AIRE-FLO** that is post-marked no later than 30 calendar days after the Owner's purchase of the equipment (in the case of the original owner) or purchase of the premises at which the equipment was originally

installed (in the case of a subsequent owner). The Opt-Out Notice must be mailed to

Aire-Flo at:  
Aire-Flo ATTN: Consumer Affairs  
P.O. Box 799900  
Dallas, TX 75379-9900

The Opt-Out Notice must state (i) the Owner's name and address, (ii) the date that the Owner purchased the equipment (if the original owner) or the premises where the equipment was originally installed (in the case of a subsequent owner), (iii) the equipment's model name and number, (iv) the equipment serial number (which can be found on the unit nameplate), and (v) that the Owner elects to opt out of arbitration. The Owner must sign the Opt-Out Notice personally and not through another person or entity, and the Opt-Out Notice will apply only to the person or entity that signs it. Neither the Owner nor any other person or entity can opt out of arbitration on behalf of anyone else. Providing a timely Opt-Out Notice is the only way to opt out of arbitration. Opting out of arbitration will not affect the Limited Warranty, and the Owner will continue to enjoy the benefits of the Limited Warranty if the Owner opts out of arbitration. Any Opt-Out Notice received after the opt out deadline will not be valid.

**3 - Non-Arbitration Class Action and Jury Waiver:** If for any reason any Dispute proceeds in court rather than arbitration, the Owner and the Manufacturer waive any right to a jury trial, the Dispute will proceed solely on an individual, non-class, non-representative basis and neither the Owner nor the Manufacturer may be a class representative or class member or otherwise participate in any class, consolidated, private attorney general or representative proceeding. **4 - Severability:** The Owner and the Manufacturer agree that, with the exception of any of the provisions in paragraph 2(a) ("Arbitration Class Action Waiver"), if an arbitrator or court decides that any part of this Dispute Resolution section is invalid or unenforceable, the other parts of this Dispute Resolution section shall still apply. If paragraph 2(a) is found to be invalid or unenforceable thereby rendering all of paragraph 2 of the Dispute Resolution section null and void, paragraph 3 of that section shall survive and remain in full force and effect.
