

V-Gard® 930 Premium Helmet System

Construction workers told us their wishes...

"...Perfect balance and comfort"

"...Gap-free, close fitting eye protection"

"...No interference from rain"

"...Easily stowed integral eye protection"

"...High visibility & individual design"

"...Spectacles to fit underneath integral eye protection"

To develop the most sophisticated integrated Head & Eye Protection for construction workers, MSA interviewed more than 300 end-users.

V-Gard 930 with integrated over spectacle for 360°s of protection is the result!

V-Gard 900 Safety Helmets, 360° OF PROTECTION

V-Gard®930 Helmet with Integrated Over Spectacle

The direct result of Construction workers feedback

| Benefit to the user | From V-Gard 930 Features |
|---|---|
| High Wearing Comfort | <ul style="list-style-type: none"> • Best wearing balance & stability • Comfort pad in nape, low sitting nape strap • Great field of vision with premium antifog over spectacle • Perimeter channel helps divert rain away from the nape • Ventilation holes in the upper part of the shell offer good air circulation • Sweat absorbing, washable and extra large, replaceable sweatband • 3 wearing heights possible: better upward vision / higher sun protection |
| Premium Protection | <ul style="list-style-type: none"> • Premium, ABS shell which offers lateral deformation protection • Intelligent adjustment and innovative rubber seal to ensure gap free eye protection on the face • Grade „B“ impact protection lens (better than standard safety spectacles) • Optional reflective stickers for 360° visibility, day and night • Optional 4-point chinstrap for increased stability and retention • ATEX antistatic certified |
| Modern & Customizable Design | <ul style="list-style-type: none"> • Dynamic, low profile shell design • 6 shell colours, red or grey sticker sets available • Badge holder to include workers ID cards • Top quality, full colour printing on all helmet sides |
| Ease of Use | <ul style="list-style-type: none"> • Fits over prescription spectacles • Grip area with rail system for quick and easy lens stowing • Fas-Trac III ratchet knob adjustable even wearing gloves, no pressure to turn |
| Economics | <ul style="list-style-type: none"> • One solution fits all workers and all construction worker tasks • Premium antiscratch lens • Decrease cost-of ownership, less safety eyewear required • Lifetime of helmet: 3 years storage + 5 years use • Over spectacles can be replaced easily |
| Interoperability with other PPE | <ul style="list-style-type: none"> • Lamp headband guides integrated in badge holder • Standard slots to add ear muffs and/or V-Gard face protection • Swap between integral over spectacles or integral visors • Winter liners, cooling pads, individual name sticker... |
