

Solventum™ 360 Encompass™ Autonomous Coding System

Because complete and compliant coding matter

The power of Solventum's expert-guided artificial intelligence (AI):

- ✓ Deep learning AI modeling
- ✓ Epic toolbox designation
- ✓ Curated content
- ✓ Event-driven process (no batches)
- ✓ Coding guidelines
- ✓ Regulatory updates
- ✓ Facility and payer specific rules
- ✓ Reports, quality assurance workflows, and more!

Fully integrated autonomous and semi-autonomous coding workflows help you streamline qualified outpatient facility visits and professional encounters compliantly.

 **17M+**
encounters

used in training our AI models

 **195+**
facilities

processed through our AI models (and counting)

 **200**
coding edits

processed in our autonomous pipeline

 **10,000**

coding expert reviews (and counting)

 **10.2**
seconds

median AI engine coding speed

 **20+**
customer-defined

autonomous exception criteria options (and growing)

 **6.5**
million

charts qualified autonomously (and counting)

Solventum's legacy, trust, and scalability by the numbers:

 **40+**
years

of medical coding and clinical expertise

 **400+**
clinical and content experts

guiding product development and supporting our customers

 **495**
million

clinical documents processed every month

Solventum Corporation
