

3M™ Coban™ 2 Layer Compression System

“Standing up
all day at work
is no longer difficult,

and I don't come home with sore feet anymore.”

3M

“As a paint salesman
for a leading home improvement store,
I am on my feet
for nearly every minute of my work day.

After I wounded my leg, I was treated using a four-layer compression system. My feet would often throb and ache after working each day. It was two years before I discovered the 3M™ Coban™ 2 Layer Compression System. What a miracle it's been”

— Patrick Murphy, Tampa, FL

Patrick is just one of the many patients who have benefited from 3M™ Coban™ 2 Layer Compression System because it's:

- **Comfortable:** Thin, lightweight design allows patients to wear normal shoes.
- **Effective:** Delivers sustained compression and less slippage than other leading compression wraps.*
- **Versatile:** For all types, sizes and shapes of patients with ABI \geq 0.8.
- **Easy to Use:** Applied in two easy steps, which reduces training time.

* Clinical data on file at 3M.
