

3M™ Attest™ Auto-reader 390 and 390G

Upgrade your peace of mind

Featuring advanced electronics and a backlit LCD panel, the 3M™ Attest™ Auto-reader 390 and 390G turn up the dial on simplicity and connectivity. They give you even more confidence in your efforts to ensure patient safety, while working with your existing 3M™ Attest™ Rapid Readout products.

New and advanced features include:

- Easy custom configuration buttons on top of the unit
- Remote viewing of BI results from your Smart Phone or PC
- Saving or printing incubation records from web app
- Ability to connect to select instrument-tracking software systems
- Backlit LCD panel for fast, easy reading of data, including at-a-glance minutes remaining in incubation

The 3M™ Attest™ Auto-reader 390 and 390G

CUSTOM CONFIGURATION

- Press once to see time, date, serial number, firmware version and Auto-reader configuration
- Press again to view IP address and date and time that power was supplied to the unit
- Use up and down arrow buttons with on-screen guidance to custom configure settings (or use the internet and your PC)

TEMPERATURE CHECK

- Press once to see current heater block temperature

VISIBLE INDICATOR

- A plus (+) symbol appears as soon as a positive result is detected

MINUTES LEFT IN
INCUBATION CYCLE

Use the products below with the 3M™ Attest™ Auto-reader 390:
