

Littmann®
Stethoscopes

A new level of learning.

Quality makes a difference when you're learning auscultation skills to help you diagnose patients. Start with a 3M™ Littmann® Stethoscope to hear the subtle sounds you don't want to miss. It's built to last and helps you perform your best.

The outstanding acoustics of 3M™ Littmann® Cardiology and Digital Stethoscopes can help you diagnose patients and make decisions confidently—even with hard-to-hear sounds like aortic stenosis murmurs, S3 gallop rhythms and faint pulmonary anomalies.

Designed to provide excellent sound quality, these stethoscopes feature tunable diaphragm technology, so you can hear low and high frequency sounds without repositioning or turning over the chestpiece. The dual-lumen tubing eliminates the rubbing noise of traditional double tubes, and the adjustable headsets and snap-tight soft-sealing eartips ensure an excellent acoustic seal and comfortable fit.

The 3M™ Littmann® CORE Digital Stethoscope takes learning to a new level. It connects to Eko software, allowing you to visualize heart sound waveforms in real time.

3M™ Littmann® CORE Digital Stethoscope
Up to 40x amplification (at peak frequency, vs. analog mode) and in-app sound wave visualization for a new level of learning.

3M™ Littmann® Cardiology IV™ Stethoscope
Outstanding acoustics for detailed diagnostic auscultation with the versatility of adult and pediatric sides of the chestpiece.

Product Features	
Acoustic Performance	9 (1-10 scale)
Chestpiece Design/Technology	Machined stainless steel, two-sided
Headset Material	Lightweight aluminum alloy
Length/Total Weight	22"/56 cm/167 grams, 27"/69 cm/177 grams
Diaphragm Details/Diameter	Two, single-piece tunable diaphragms 1.7"/4,3 cm, 1.4"/3,4 cm
Warranty	7 years

Product Features	
Acoustic Performance	10 (1-10 scale)
Chestpiece Design/Technology	Machined stainless steel, two-sided
Headset Material	Lightweight aluminum alloy
Length/Total Weight	27"/69cm/232g
Diaphragm Details/Diameter	Two, single-piece tunable diaphragms 1.7"/4,3 cm, 1.4"/3,4 cm
Warranty	2 years

*Available in the U.S. only.
Colors shown are approximate.
