3M™ Pentamix™ Lite Automatic Mixing Unit

Start automixing and simplify your life.

With the touch of a button, you can mix and dispense impression material. Doctors get more usable working time while assistants have less stress and hand fatigue. In the end, your material will be homogeneous and void-free which means the finals will fit better.

3M makes it easy to start automixing with our affordable Pentamix Lite mixing unit. It works with all 3M materials including 3M™ Imprint™ 4 VPS and 3M™ Impregum™ Polyether Impression Materials. Plus, with its convenient hand grip, the device can be easily carried from operator to another. Just plug in, switch on and start mixing!

Fast and intuitive set-up AND USE

1. Remove the cartridge.

2. Insert 3M™ Penta™ Foil Bag with the 3M Impression Material of your choice into the cartridge.

3. Insert the cartridge into the 3M™ Pentamix™ Lite Automatic Mixing Unit.

4. Turn the wheel (piston) forward.

5. Attach a 3M™ Penta™ Mixing Tip – Red.

6. Close the latch with an audible click.

7. Press the green start button to fill the impression tray or elastomer syringe.

Ordering information

Item #	Product Information
77907	3M™ Pentamix™ Lite Automatic Mixing Unit – 120 V/60 Hz Includes: 1 3M™ Penta™ Cartridge for Pentamix Lite
77907	13M™ Penta™ Cartridge for 3M™ Pentamix™ Lite
