3M

**Science.
Applied to Life.™**

**More confident coders.
More accurate claims.**

Let's go

What 3M can do for your organization's coding program

Improve coding accuracy, reduce denials, and increase efficiency with 40 years of coding expertise and coding automation technology

Achieve both financial and quality goals through customizable, artificial intelligence (AI)-driven code prioritization

Reduce maintenance windows and IT support with secure cloud-based technology

Drive efficiency with clinically intelligent AI and automation—from capture to code

Capture

Code

Documentation capture

3M™ M*Modal Fluency Direct

3M™ M*Modal Fluency Align

Computer-assisted physician documentation

3M™ M*Modal CDI Engage One™

3M™ M*Modal HCC Management

Clinical documentation integrity

3M™ 360 Encompass™ Clinical Documentation Integrity (CDI)

3M™ Advanced CDI Transformation Program

Computer-assisted and autonomous coding

3M™ 360 Encompass™ Computer-Assisted Coding

3M™ 360 Encompass™ Professional System

3M™ 360 Encompass™ Autonomous Coding System (beta)

Why 3M's coding technologies are the best choice

46%
Increase in productivity across specialties[1]

85%
Reduction in IT burden after cloud implementation[2]

3,000
U.S. health care facilities send data through our AI-based NLU engine daily[3]

75%
Of hospitals in the U.S. trust 3M for their coding solutions[3]

Results, outcomes and/or financial improvements should not be interpreted as a guarantee or warranty of similar results. Individual results vary depending on circumstances.

What our clients have to say

"We have seen decreased denials, increased productivity and our risk scores have increased by 9% because we have more accurate diagnosis."

— Penni Drews, senior director of coding, CentraCare Health

"There are a lot more accounts to code, and we don't have the coders to do it. We turned to 3M as a partner for autonomous coding."

— Brittney Luze, director of coding services, Avera Health

Building the future of simplified health care, from capture to code.
