

Clarity™

Esthetic Orthodontic Solutions

Ready, set, grow.

Getting started with 3M™ Clarity™
Aligners **Flex** in your practice.

Clarity Aligners **Flex**:

- 100% doctor satisfaction in an initial evaluation
- Better stain resistance to coffee and red wine than Invisalign®
- Straight trimline contributes to optimal torque control
- Thinner formed aligners than Invisalign, designed for flexibility and patient comfort
- Excellent force persistence
- Proprietary material available only from 3M
- Engineered for durability, and easy insertion and removal

Film Thickness	0.625mm (thinner yet durable!)
Material	Proprietary multi-layer copolymer
Max Velocity	0.25mm per stage 0.1mm per overcorrection tray for space closure
Elastic Modulus GPa	Lower Modulus 1.4 (GPa) Flexible
Clinical Effectiveness	Designed to treat simple to complex cases and produce specific tooth movements, including: mesial/distal tipping, crown torque, root torque, intrusion, extrusion, rotation and arch expansion.
Force Persistence	Maintains greater force persistence over two weeks than select competitors

Gearing up for growth.

Get started in the 3M™ Oral Care Portal today!

Your log-in information can be found in the onboarding email. **Your email is your username.**

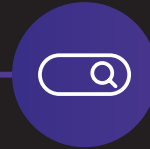

Login to the **3M Oral Care Portal** and bookmark the site on each computer where you will treatment plan.

<http://oralcare.3m.com>

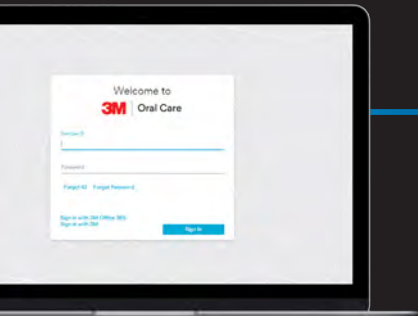

For optimal results, Chrome is the preferred browser.

Set up defaults on the prescription form to save you time and improve treatment planning efficiency.

Explore the **Help Center** to find robust educational materials and how-to-videos to aid in onboarding and support proficiency within the software.

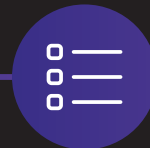

Save our **Clinician Support number** in case you need to reach out.

1-800-423-4588, Option 2, Option 2

Share the **“Presenting Clarity Aligners for Treatment Plan Acceptance”** script with your hygienists.

This tool will empower your team with speaking points and supporting statements to help assist in treatment acceptance.

To pair your scanner, locate the relevant **Quick Start Guide** for step-by-step instructions.
