Everything in Alignment

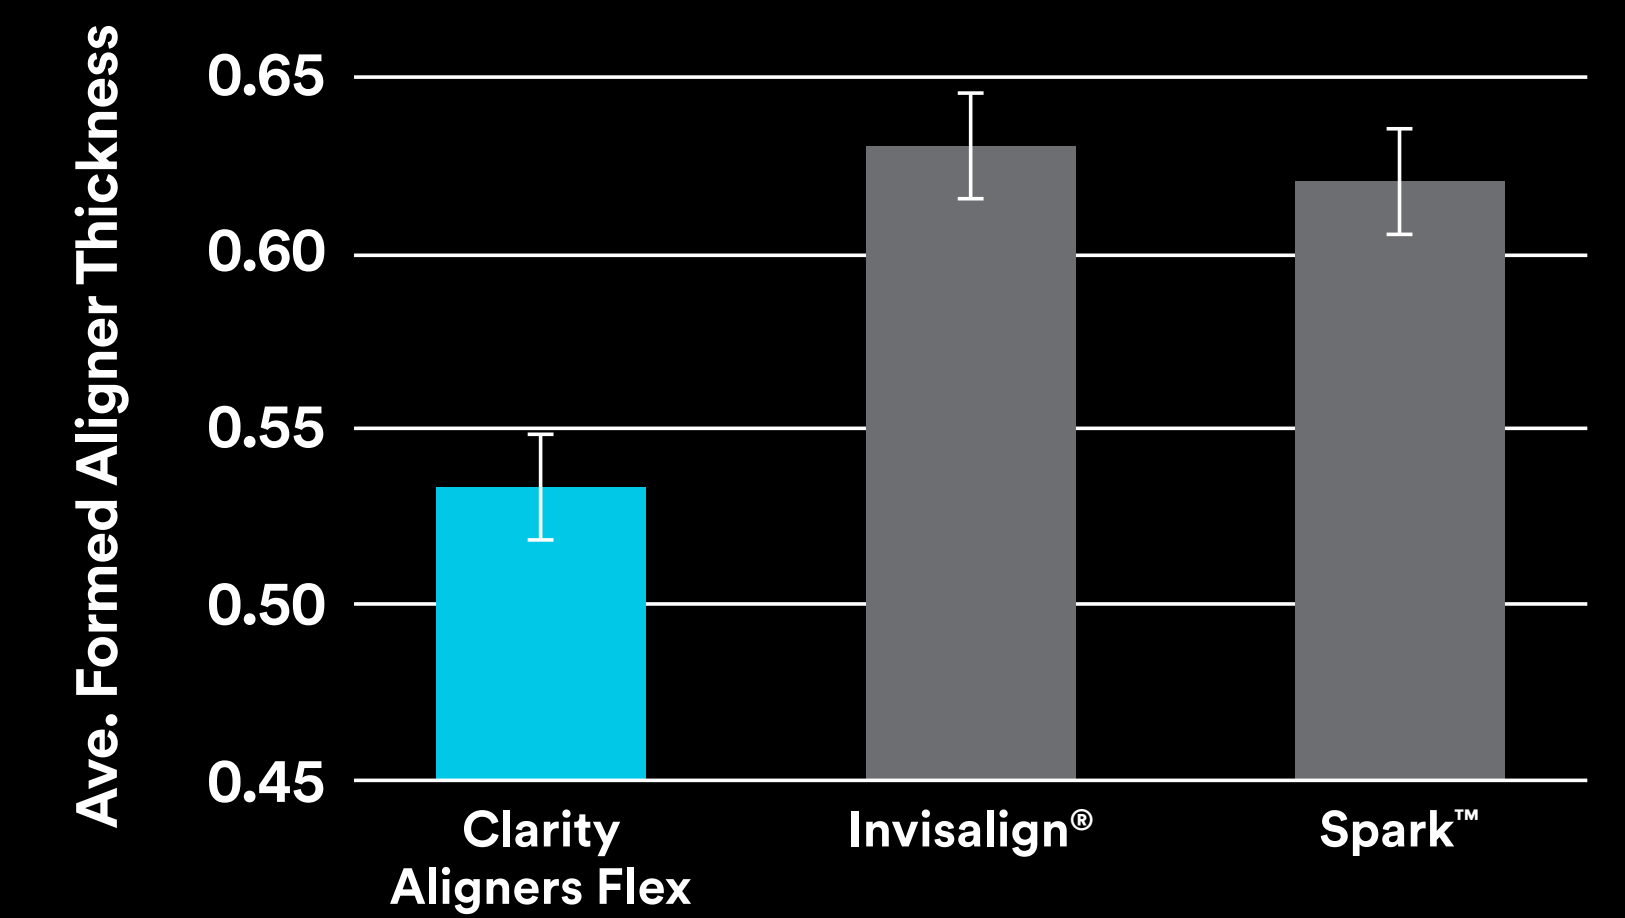

Grow your practice with 3M™ Clarity™ Aligners Flex
on the 3M™ Oral Care Portal.

Thinner yet durable.

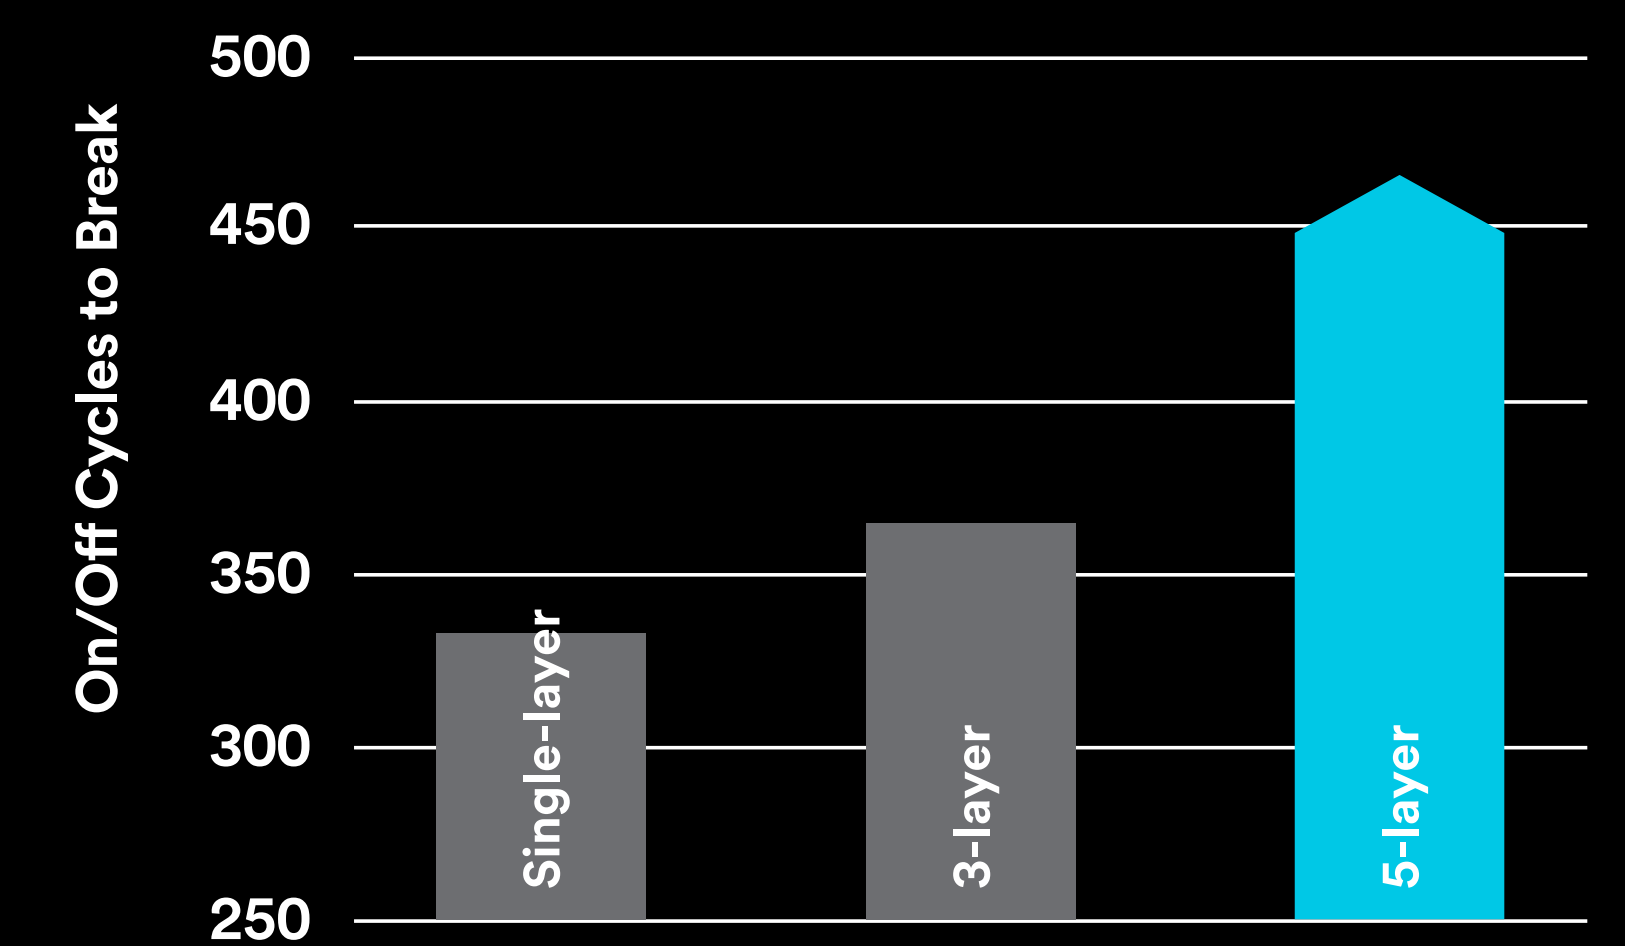

Formed Thickness

Clarity Aligners Flex: thinner yet durable.

Formed thickness, measured at 5 points across the aligner, show Clarity Aligners Flex is thinner than other industry leading competitors.

Highly Durable Aligners

> 300 cycles (testing stopped at 450 cycles)

Discover why Clarity Aligners Flex earned 100%* satisfaction.

Initial evaluators report:

Predictable tracking**

Better rotational control than SmartTrack® Invisalign® Aligner Material*

Patients will appreciate:

Greater stain resistance than SmartTrack® Invisalign® Aligner Material*

Flexible aligners are thinner than SmartTrack® Invisalign® Aligner Material*

* Among early evaluators. 3M Data on File.

** Evaluators reported predictability from the Clarity Aligners two-material system.

Clarity Aligners Flex are offered on a simply powerful platform.

The 3M™ Oral Care Portal offers cloud-based accessibility for aligner and dental restorative treatment plans.

The platform positions you and your practice at the center of your patient's experience and allows you to deliver comprehensive care.

Deliver the beautiful, healthy smiles your patients want — all while growing your practice.

Upload patient information

2. Product:

Select treatment type

3. Records:

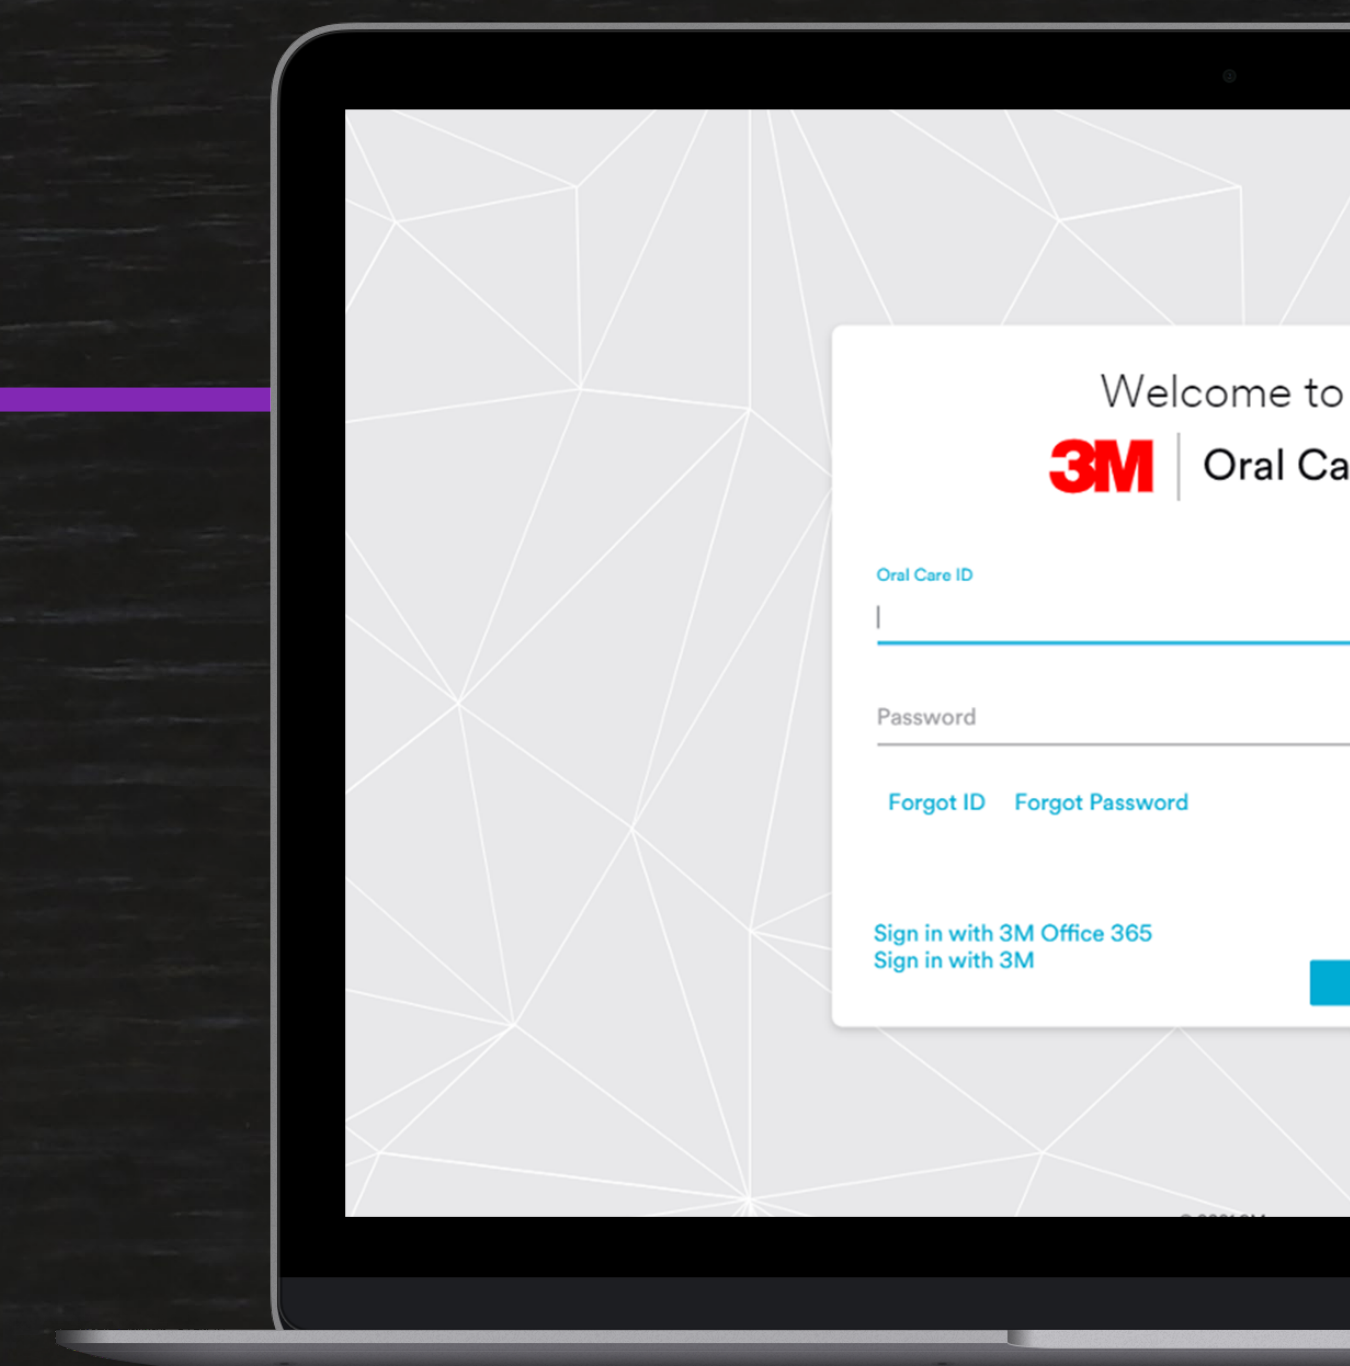

Complete patient records

4. Rx:

Provide prescription details

5. Review:

Review and submit the order

Together with the 3M™ Filtek™ Matrix.

Clarity Aligners Flex and Filtek Matrix – available together on the Oral Care Portal – to expand and differentiate your practice.

Filtek Matrix is a digitally designed anterior matrix that helps simplify restorative procedures for you and your patients.

Predictable Outcomes: Increased confidence with results aligned to digital design

Conservative Treatment: Preserve healthy tooth structure

Esthetic Results: Durable composite restorations aligned to planned dentition shape

Efficient Procedure: Helps save time and effort compared to the free-hand technique

Power up your practice.

Practice marketing.

Grow your practice with customizable practice marketing tools. **Ask your sales rep.**

Education that inspires confidence.

Access quick-start guides and self-study modules to help you learn to use Clarity Aligners Flex and the Filtek Matrix at your own pace.

Integrated workflow.

Realize your practice's potential with the Oral Care Portal. Planned on the same intuitive platform, Clarity Aligners and Filtek Matrix offer esthetic treatment to differentiate and expand your practice.

We're here for you.

We're committed to your clinical and professional success. Reach out to your sales representative, clinical specialist, or call Clinician Support at **800-423-4588**.
