

StreamOne[®] PSA Connectors

Transform your business
processes, enhancing
efficiency with full
StreamOne[®] data
integration to your
PSA of choice

As a Managed Service Provider (MSP), you're always looking for ways to **simplify procurement, increase efficiency**, and create **more revenue opportunities**. Professional Services Automation (PSA) solutions provide a straightforward path toward realizing these outcomes. Now, with StreamOne®, connecting to your PSA of choice is easier than ever.

StreamOne® PSA Connectors allow you to **fully integrate your platform data with your PSA**, with advanced synchronization settings for flexible and configurable control over your cloud management.

"The [PSA] integration we've been helping test, it's going to be a big change for our operations. We've had three different suppliers, and it leaves all the rest of them for dead. It's a really nice, sleek integration that is very easy to use, and works, which is important."

André Dowding

Managing Partner
