with Agentic AI

The Software of AI is Blueprints

- AI Blueprints offer a full suite of software for building and deploying generative AI applications
- Equip millions of enterprise developers and AI solution partners
- Blueprints bring the \$125Bn digital human market to life

AI Requires Platforms and Accelerated Infrastructure

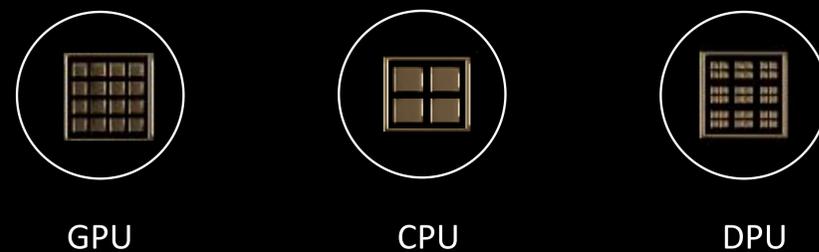

NVIDIA Application Frameworks

NVIDIA Platform Software

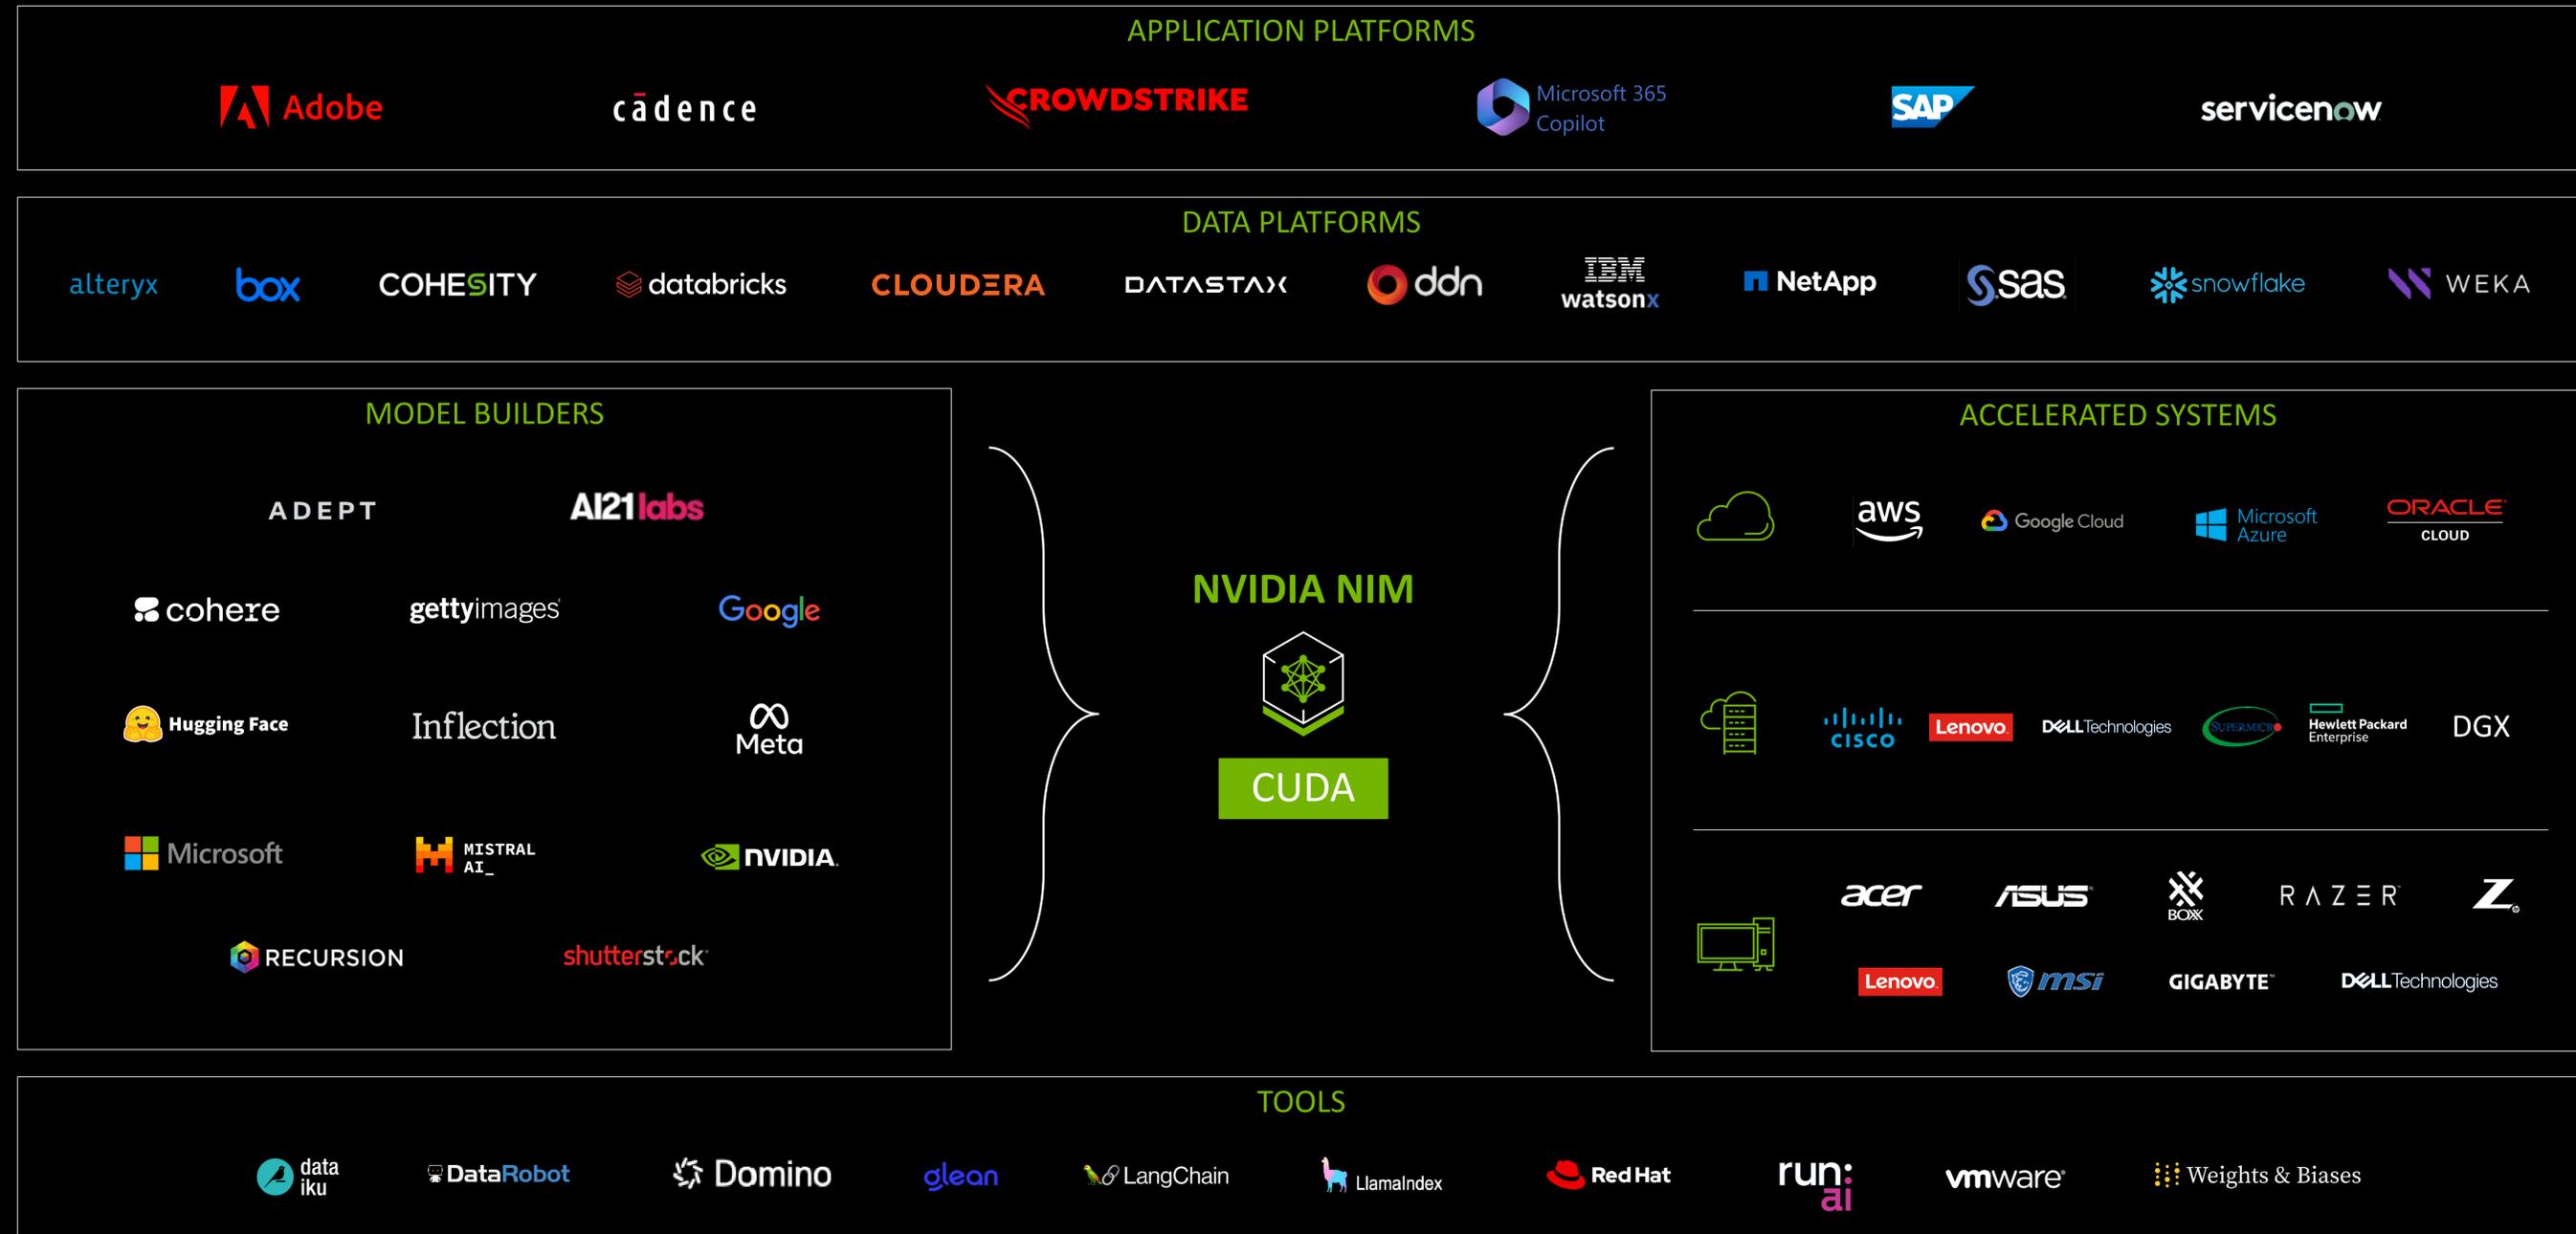

NVIDIA Accelerated Computing Infrastructure

- End-to-end platform solutions enable quicker time to market for deploying AI
- Accelerated infrastructure is the optimal way to train and build AI models
- AI is complicated; platforms make this revolutionary technology accessible

NVIDIA Blueprints Supercharge NVIDIA Enterprise Ecosystem

Know the different partners that deliver AI to the enterprise and their domain knowledge
