

# Built here. Trusted everywhere.

For well over 100 years, CGC has been a trusted industry expert in innovative designs and solutions. From conception to project completion, let CGC improve any property with products and expertise that protect your vision.

Underlying every CGC Ceilings product are three pillars: innovation, safety and sustainability. The end result? Environments that feel just as good as they look, designed to protect and built to endure.

Because when every detail matters, a trusted partner matters that much more.

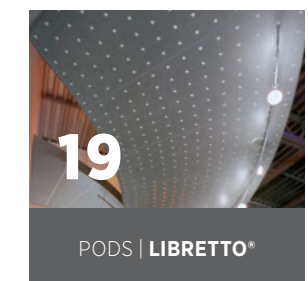

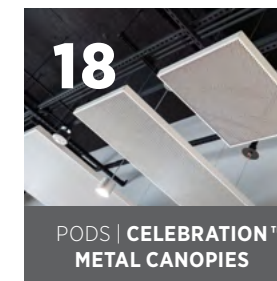

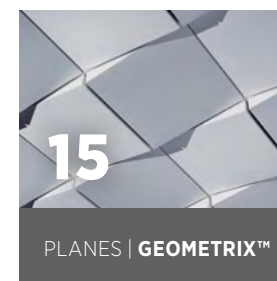

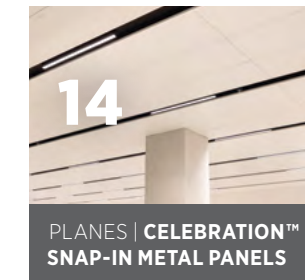

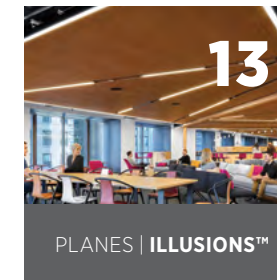

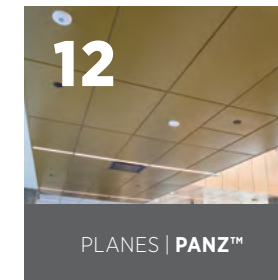

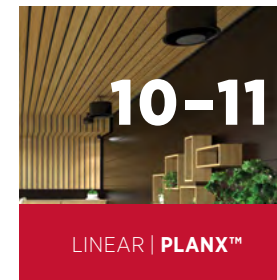

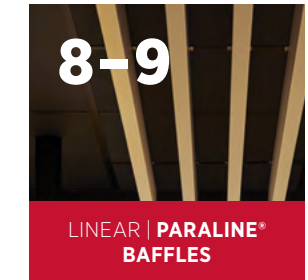

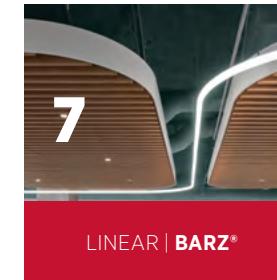

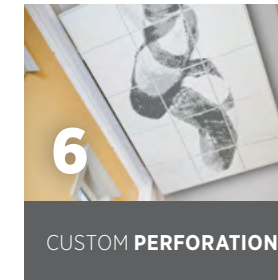

Each of the products in this brochure is produced at our Oakville Plant. We are proud to support our communities, reduce our environmental footprint and deliver responsibly manufactured building solutions.

This is **Canadian architecture, brought to life.**

# Decades of dedication. A future of possibility.

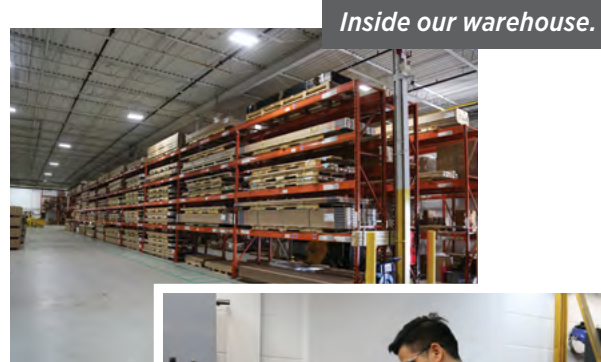

At CGC's Oakville Ceilings Manufacturing Facility, nearly 60 years of Canadian craftsmanship and ingenuity have shaped how we build. Our commitment to innovation, safety and sustainability drives the high-performance ceiling solutions our customers rely on. Designed to meet today's needs while building for tomorrow.

With 26 years of incident-free operations, our team's dedication reflects a strong safety culture that supports smarter processes and long-term reliability.

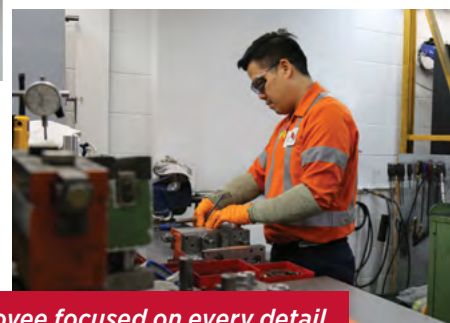

Every product we make reflects the essence of Canada—from the way we manufacture to the values we uphold. Our products are not just made in Canada, they're made of Canada.

**“I've worked here for 29 years, and I've seen a lot of changes for the better. Today, both of my children work here too. As a parent, I was comfortable recommending CGC to my children because I know it's a safe place to work and we take care of our people.”**

Mike Otterman, Corporate Safety Specialist

“CGC Celebration panels are quick and easy to install. It was a fun project to work on. [The client] was happy with the way CGC products formed circles and filled in the open spaces, accenting the openness.

Lance Carlson from New Image Contracting Ltd.

**CELEBRATION™  
SNAP-IN METAL PANELS**

Panels snap into place for a clean look with the hidden strength and corrosion resistance of aluminum.
