

FOR IMMEDIATE RELEASE

USG Corporation Welcomes Back Industry Veteran Mike Toole as Vice President, Ceilings Sales

CHICAGO, IL, April 6 – USG Corporation today announced that Mike Toole has rejoined the company as vice president, ceilings sales. Mr. Toole returns to USG following a successful five-year leadership tenure at a leading international building materials distributor. He previously spent 21 years with USG, where he built a distinguished career across various sales and operational leadership roles.

In this role, Mr. Toole will lead the commercial strategy for USG’s ceilings business, focusing on strengthening customer partnerships and driving growth for core brands including Sheetrock®, Durock®, and Donn® Grid.

“Coming back to USG feels like a homecoming,” said **Mike Toole, Vice President, Ceilings Sales at USG**. “I have always been proud of USG’s commitment to quality and its customer-first culture. I look forward to leading this team as we strengthen our partnerships and drive the ceilings business into its next chapter of growth.”

Mr. Toole brings nearly 30 years of experience in the building materials sector to his new role. His career at USG began in 1995 as a sales representative and he rose through the organization to hold several key leadership positions, including sales manager and eventually vice president of sales for the Eastern U.S.

“We are thrilled to welcome Mike Toole back to the USG family,” said **Diane Earll, President of the Ceilings Division, Senior Vice President at USG**. “Mike is a respected industry veteran who understands our customers’ businesses as well as he knows our products. His leadership will be a major operational advantage as we continue to provide specialized solutions for the most complex interior projects in North America.”

Mr. Toole brings nearly 30 years of experience in the building materials sector to his new role. His career at USG began in 1995 as a sales representative and he rose through the organization to hold several key leadership positions, including sales manager and eventually vice president of sales for the Eastern U.S.

Throughout his tenure, Mr. Toole has been recognized for his ability to connect with customers and his deep technical knowledge of interior systems. Most recently, he served as vice president of sales at Grabber Construction Products, where he led national sales teams and oversaw strategic account management.
